

QUESTIONS & ANSWERS: (PCS-2021-027)

1. Are there existing servers at either MOE or MHHS or both to host the database? If not would they need to be made part of the proposal? **Yes, there are existing servers at MHHS that can host the database.**
2. Will the database be a managed service by the vendor or will MOE be managing the database? **It will be managed by MHHS, based on the outlined requirements provided by MHHS.**
3. What types of information is required to be captured and stored on the database? **Please refer to the RFP for requirements.**
4. What is the intent of the webpage? **The intent of the webpage is to house information related to COVID-19 testing and mitigation efforts by the MHHS and MOE and the School Health Screening program.**
5. Will the webpage be managed by the vendor or will MOE be managing the webpage? **The MHHS and MOE will manage and approve content to be posted on the webpage, however maintenance and support services should be provided by the vendor.**
