PRESS RELEASE

Alii, taxpayers of the Republic of Palau! The Office of the Bureau of Revenue and Taxation "TAX OFFICE" is reminding the public that pursuant to 40PNC Chapter 15, any person engaging in business in the Republic shall, as a condition precedent to engaging or continuing to engage in business, obtain from the Director a license to engage in business and pay an appropriate annual Business License fee. Thus, 2022 business and tobacco licenses renewal will start on December 01, 2021 (Wednesday) until the last day of December 2021 without late penalties and interests. All non-profit organizations must also renew their licenses. Renewal forms are available at the Tax Office or on the webpage at www.palau.gov.pw/brt. The renewal process remains the same as last year in which taxpayers are required to clear any and all due tax filings and payment prior to renewal of licenses as well as get cleared at the Social Security Administration prior to being issued a business license. To avoid delay and long wait, taxpayers are encouraged to come in early and renew their licenses. Thank you very much and please call the numbers above should you have any questions.
